Flex Round and **Flex Square** kitchen taps

Temperature	Component
23°C and 60°C	Mixing water channel
23°C and 85°C	Special water channel

References and regulatory documents

It is hereby confirmed that the above-mentioned product based on:

- the certification program "D6 Special conditions for the conformity attestation regarding the suitability of products for drinking water hygiene, Rev.5 dated 19.07.2023",
- the Recommendation "Conformity attestation of product hygiene suitability for drinking water",
- the product information provided, including the formulation details,
- the evaluation reports/test reports mentioned in the undisclosed appendix A,

fulfill(s) the requirements of the assessment basis/guideline of the Federal Environment Agency (UBA):

- Evaluation criteria for plastics and other organic materials in contact with drinking water (KTW-BWGL), 07.03.2022
- Evaluation criteria for metallic materials in contact with drinking water, 05.03.2025

The evaluation reports/test reports (deposited at Kiwa) are part of the conformity attestation and are listed in the undisclosed appendix A to this certificate.

Validity

The attestation of conformity is valid from the date of issue and remains valid until **29.04.2031** as long as the conditions listed under "Notes" are fulfilled.

Notes

The conformity attestation was issued under the condition that the starting materials used to manufacture the product or their composition and/or components, including their manufacturer and supply chain, were fully disclosed and no other substances are contained in the product.

The validity of this document expires in case of changes in the composition of the product or in the processing conditions not agreed with the certification body and in case of non-compliance with the conformity requirements as well as in case of termination of the 1+ system monitoring program of the certification body and manufacturer.

The results of our audits and the assessments apply to the test items examined and the statutory regulations applicable at the time of the audit. This document may only be published or reproduced in complete and unchanged form without our express written consent.
